TM

**BEST SPARK INNOVATION (BSI)**

**BEST I Cable** -Ultra Performance High Tension Ignition Leads

**Best · Ignition · Technology**  
Patent Technology [www.best-itech.com](http://www.best-itech.com)

**Exceeds OEM Performance with improved in both the fuel consumption and vehicle power.**

**The most simple / economy / efficient solution to settle ignition problems related to misfire, loss of vehicle power and the increase in fuel consumption after performance ageing of the vehicle.**

# BEST SPARK INNOVATION (BSI) BEST I - Ultra Power Ignition Leads

The Ultimate Spark Ever - Stronger Spark Energy & Faster Electric Transmission

---

## **A) Application:**

BEST I Cable conduct high voltage current up to 50KV from the Ignition Coil / Distributor to the Spark Plugs, and to provide stronger spark energy to burn the fuel ( gasoline, modified gasoline, hydrogen and LPG) inside the combustion chamber of an internal combustion engine for Automobile, Motorcycle, Marine, Go-Kart, Snowmobile, Lean-burn engine and any industrial engines.

**Proven satisfactory cable conductor endurance result** on actual vehicle's performance (5 years) with an accumulated mileage of 100,000KM., refers to Examples of Success Stories.

**Proven successful performance track records for all different car models** (e.g. Mitsubishi, Proton, Toyota, Honda, Nissan, Renault, Fiat, Volvo, Hyundai, Mercedes Benz, Audi, Volkswagen, GM, Ford, BMW, and etc.)

**Proven successful track record on Racing events for cars and motorcycles,** refers to Examples of Success Stories.

## **B) Comply to Quality:**

**SAE J2031 and ISO 3808**

**Perfect performance with R-type Spark Plug to provide reliable interference (RFI & EMI) suppression**
