

BEST SPARK INNOVATION (BSI)
BEST I - Ultra Power Ignition Leads
The Ultimate Spark Ever – Stronger Spark Energy & Faster Electric Transmission

Success Stories of how BEST I Cable to solve the ignition problems in the most / efficient and economic way:

Example of Success Story of BEST I Cable on Motorcycles :

Remark: The success stories are solely based on the feedbacks and opinions from the end-users, the observed results are not based on the performance assessment from the manufacturer and or suppliers. Any discrepancy of observed results may depend on the vehicle condition and or performance environment.

1) BEST I Cable reduces the frequency requirement for the change of spark plugs (once every two years instead of twice per year in tropical hot / humid climatic environment), **fuel saving & reduce exhaust emissions**, also **reduces the engine vibration under high speed driving condition.**

2) BEST I Cable gives stronger ignition spark energy than conventional motorcycle OEM ignition cable without and or with the incorporation of an electronic device of voltage booster. BEST I cable is proven to give faster acceleration
